Speed Mentoring

....the right road to success....

What is speed mentoring?

This is very similar to speed dating where people search for the “right one” based on five-minute conversations. Imagine speed dating – the Professional version – so instead of meeting your potential love interest, you will get to meet future mentors, protégés, or even business partners.

Who’s invited?

All ISFFA – Chicago Chapter members (and prospective members) who are interested in a fun, fast-paced opportunity to connect with other Filipino accounting and finance professionals.

How will it work?

The ISFFA Chicago Officers will provide a brief overview on how speed mentoring works. You will meet one-on-one with another participant for a specified number of minutes. You will get to know each other and talk about your experiences on a pre-selected topic. You may then exchange contact information at the end of your encounter --- for this is just a beginning of your new mentoring relationship(s).
